Activities and Areas/Locations Are Now Linked.

Users can now link specific activities to selected areas. This feature will now show only the selected activities to show on the dropdown menu for the linked area.

NOTE: All activities will be linked to all areas unless edited by the system administrator.

To Link Activities to Areas:

- In the Manage Activities Page, click on the Edit button of the desired activity.

Patient In Parking Lot	 BlueViolet <input type="checkbox"/>	After 1 mins: <input type="checkbox"/> Transparent <input type="checkbox"/>	After 5 mins:  Brown <input type="checkbox"/>	0		Edit
Patient in room	<input type="checkbox"/> Transparent	--	--	No Audio Alert		Edit

- Click on the Associated Area/Location dropdown.
- The dropdown will show a list of all areas/locations within your system.
- To select a specific area/location for the activity, click on the area to make a green check mark appear.
- To deselect an area from the activity, click on the area to make a red "X" appear. Click on Save.
