Introduction to PatientTrak September 2022 Release.....	1
Fixes.....	2
Enhancements.....	2

Fixes

- Fixed an issue that was causing some PatientTrak users to not be able to change a patient's activity on the Tracking Board.
- Fixed a security issue with the Tracking Board being bookmarked.
- Fixed an issue for Text Only organizations not having new users change their password on initial login.

Enhancements

- Added additional security from recent Penn Test.
- A new, updated logo has been introduced throughout the PatientTrak system.
- A new header color has been introduced on the PatientTrak login page.
- Added additional time to threshold settings on the Tracking Board. Thresholds now have the ability to be set up to 24 hours (1440 minutes).
- Appointment reminders can now be sent up to 60 days prior to an appointment.
- Removed extra verbiage from the Forgot Password message.
