Introduction to PatientTrak December 2022 Release.....	1
Fixes.....	2
Enhancements.....	2

Fixes

- Fixed an issue with a stored procedure when deleting an area.

Enhancements

- PatientTrak now offers the ability to delete appointments either individually or by the imported date/time file.

- On the Scheduling page, click on Delete Appts.

- A window will pop up and give the user an option to either delete individual appointments or by the imported date/time file.

➤ Example of Individual Appointment deletion.
