Enhancements.....	2

## Fixes

- Fixed an issue with the verbiage on the “Backspace” button on smaller kiosks.

## Enhancements

- There is now a default Welcome/Close chat message in Conversational Text Messaging to inform each party the chat has begun or ended.
- Added code to allow the Intake Kiosk to correct itself if the Wi-Fi signal is lost.
- Implemented an auto refresh feature for the Intake Kiosk after every code push.
- Intake Kiosk now allows for a special “Thank You” message based on Type Codes.
- When selecting a patient name in Conversational Text Messaging, users have the option to go to the Patient Detail Page of that patient.
