Fixes

- For specific Organizations, a redirect to the correct URL is in effect when a user enters in an Organization ID on the wrong URL.
- Fixed an issue that was causing the Verification Modal to not show when an unverified user tried to log into PatientTrak.

Enhancements

- A Conversational Text Messaging Modal will now open from the Scheduling page instead of redirecting the user to a new page.
- Users can now add/remove columns on the Scheduling Page by selecting the ellipses.
- Users can now change the order of the columns on the Scheduling Page.
- The Intake Kiosk Welcome and Thank You fields now check for incorrect HTML code.
- Added a Change Log tab on the Patient Detail Page.
- All actions on a patient are now logged and can be seen on the Patient Detail Page under the Change Log tab.
