Fixes

- Fixed an issue that was causing activities to not appear in the drop-down, if a patient was in an area which name was started with a number.
- Filtered out inactive alerts which was causing incorrect alert usage when a patient signed in via the Legacy kiosk.
- Moved the Intake Kiosk “Thank You” timeout settings to the Overview tab in the Organization Settings.
- Fixed an issue where the mobile URL for the Intake kiosk was cutting off the last three characters.
- Updated stored procedures that were interfering with some filtered appointment reminders.

Enhancements

- Users can now define the order of One Click Messages.
